Quatation and Specification

BRO U40

- Efficient • Precision
- Smart • Convenient • Durable

The Quotation

BRO U40	1 SET INCLUDE	
 <p>Remark: 1. This quotation is valid for 15 days. 2. The above spare parts are unit price. You can confirm the QTY you need for each parts</p>	 <p>Complete Drone Qty: 1</p>	 <p>Remote Controller Qty: 1</p>
	 <p>Smart Battery Qty: 2</p>	 <p>Maintenance Toolkit Qty: 1</p>
	 <p>Intelligent Charger Qty: 1</p>	 <p>Aluminum Transport Case Qty: 1</p>
	 <p>Fpv Camera Qty: 1</p>	 <p>Obstacle Avoidance Radar Qty: 2</p>
	 <p>Terrain Following Radar Qty: 1</p>	 <p>Spraying Tank Qty: 1</p>

Spare Parts & Accesories

PICTURE	PRODUCT MODEL	PICTURE	PRODUCT MODEL
	Smart Battery (As a spare, 1 pcs)		Centrifugal Nozzle (As a spare, 2 pcs)
	RTK Moudle (Optional)		Spare Propeller (As a spare, 4 pcs)
	Handled Mapping Device (As a spare, 1 pcs)		Aircraft Arms (As a spare)
	Intelligent Charger (As a spare, 1 pcs)		Landing Gear (As a spare)
	Generator (Optional)		Paddle Clamp for Propeller (As a spare)

Noted: This model requires one battery for operation. The quotation already includes one spare battery.
To enhance work efficiency, one more spare battery is recommended. Bringing the total to 3 pcs batteries and 1 charger.

Specifications

Airframe

Product Material	Aviation Carbon Fiber + Aviation Aluminum
Overall Dimensions	1490 x 1580 x 790 (Arms expand, blades folded) 2560 x 2460 x 790 (Arms expand, blades expand)
Folded Dimensions	940 x 715 x 810
Total Weight	25kg (Excluding Battery)

Sprayer

Pump Model	Dual Brushless DC Pump
Spray Rate	10.0L/Min*2 pumps
Spray Efficiency	13ha/H
Spray Width	10m

Battery

Model	14S Lithium-polymer Battery
Capacity	30000mAh*1
Voltage	60.90V (Fully charged)
Battery Warranty	1000 cycles

Charger

Model	2 Channel high voltage fast charger
Charging Time	10mins

Flight Parameter

Max. Takeoff Weight	90kg
Spray Tank Volume	35L
Max. Flight Altitude	30m
Max. Wind Resistance	8m/s
Hovering Time	12min (no load)
Operation Time	8mins fully loaded
Max Flying Speed	10m/s

Advantage

1	High precision Dual RTK Module System + Gps System	11	The plane returned out of control
2	Self Planned Routes	12	Aircraft low voltage return
3	Night Navigation Function	13	Aircraft AB point memory operation
4	Airframe stability and reliability, strong anti interference	14	Aircraft self planning operation
5	Brushless water pump motor,super long life	15	Aircraft breakpoint memory
6	Aircraft automatic fixed point	16	Aircraft breakpoints continue to spray
7	Automatic return	17	High Resolution rotatable Camera
8	Aircraft automatic obstacle avoidance	18	Intelligent Intelligent Lithium Battery with self heat dissipation
9	Equipped fertilizer Spreader for sowing and raising fertilizer	19	Alternate spray function, the nozzle can be switched separately
10	Integrated smart remote control	20	Ground station,Video transmission,Anti-fall performance

Main Components Warranty Period Table

1	Fuselage	12 months	10	RTK Antenna	12 months
2	Flight Control	12 months	11	Data Transmission Antenna	12 months
3	RTK	12 months	12	Motor	12 months in or less than 1000 cycles of use (Whichever comes first)
4	Remote Control	12 months	13	4G Antenna	Free replacement in case of quality problems within 15 days
5	Bluetooth Module	12 months	14	Propeller	Free replacement in case of quality problems within 15 days
6	Battery	12 months in or less than 1000 cycles of use (Whichever comes first)	15	Tank	Free replacement in case of quality problems within 15 days
7	Charger	12 months	16	Landing Gear	Free replacement in case of quality problems within 15 days
8	Radar	12 months	17	Pump	Free replacement in case of quality problems within 15 days
9	Spraying System	12 months	18	Nozzles	Free replacement in case of quality problems within 15 days

Terms and Conditions:

Quality Warranty : 12 Months Free Parts Warranty,
Human Causes Excluded

Packing : High Quality
