### **Hydroponics Products**

#### Hydroponic PVC Channel AGM-U-HD0001

Best size for the leaf vegetables, such as the lettuce and salad. (Size: 100mm x 50mm)

#### **PVC Hydroponics NFT Channel Growing System for Greenhouse**

AGM-U-HD0002

Best size for the big size leaf vegetables or vine vegetables with hydroponic, such as cucumber and tomatoes. (Size: 110mm x 110mm)

#### PVC NFT Gutter/Channel for Strawberry

AGM-U-HD0003

With drainage plate best for strawberry. (Size: 150mm x 190mm x 177mm, 200mm x 300mm x 177mm)

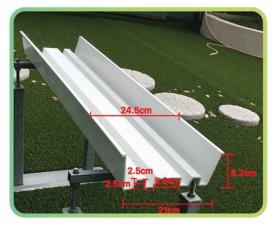

**PVC NFT Gutter** 

AGM-U-HD0004

Use cocopeat, suitable for strawberry, cucumber, pepper, and tomatoes. (Size: 210mm x 245mm x 82mm)

#### PVC Pipe Hydroponic Barley Planting System (SET) AGM-U-HD0005

Fodder tray, suitable for microgreen, grass, and nursery. (Size: 260mm x 290mm x 66mm)

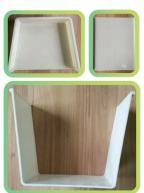

#### **PVC NFT Gutter**

AGM-U-HD0006

Mainly used for strawberry, cucumber, pepper, and tomatoes. (Size: 140mm x 160mm x 190mm, 180mm x 200mm x 240cm, 320mm x 280mm x 400mm)

#### Aquaponics Growing System DWC Floating Raft AGM-U-HD0007

XPS styrofoam for DWC system, foam/hole/hole distance can customize. (Size: 1200mm x 600mm, 1000mm x 600mm)

#### **Dutch Bato Bucket**

AGM-U-HD0008

11L Dutch bucket for tomato, pepper cucumber plant. (Size: 300mm x 250mm x 230mm)

#### **Vertical Tower Garden**

#### AGM-U-HD0009

Pineapple tower, 6-10 layers, 36-60 plants, LED grow light, wheel, plant trellis, insect net are available. (Size: 1200mm - 1870mm)

#### **Vertical Tower Garden**

#### AGM-U-HD0010

Vertical tower, 6-10 layers, 36-60 plants, LED grow light, wheel, plant trellis, insect net are available. (Size: 1290mm - 1930mm)

#### DIY Hydroponic Nft System for Home Growing

AGM-U-HD0011

Mini channel Kit, 64 holes. (Size: Length: 1140mm, Width: 530mm, Height: 1420mm)

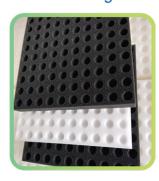

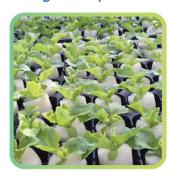

#### **Hydroponic Grow Sponge**

AGM-U-HD0012

Plant sponges provide long lasting moisture. It's the perfect time to consume nutrients, without adding additional soil to your organic green vegetable patch.

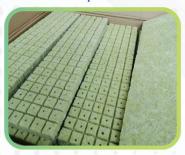

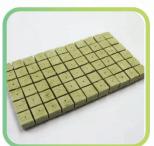

#### **Rockwool Hydroponic**

#### AGM-U-HD0013

Suitable for vegetables, fruits, and flowers, etc. It can increase the speed and efficiency of crops, and reduce production costs.

#### Hydroponics Plastic Net Pot Cup Mesh Pot

AGM-U-HD0014

Plastic Net Pot is used for hydroponic plants, various flowers and vegetables in green house, hydroponic systems. (Size: 1 inch, 2 inch, 2.5 inch, 3 inch, 4 inch)

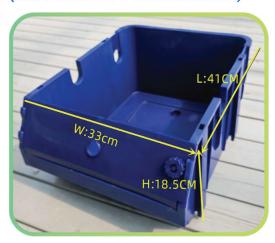

#### Vertical Crab Fattening Box System

AGM-U-HD0015

New trend method of crab aquaculture vertical crab fattening box system. (Size: 420mm x 340mm x 180mm)

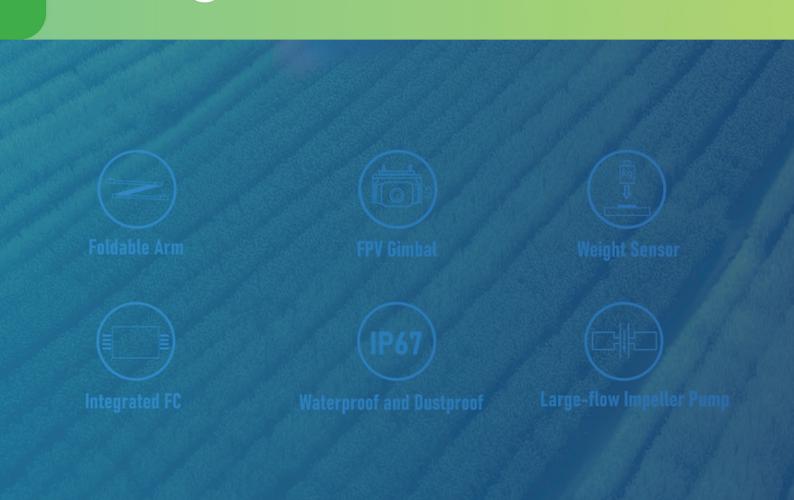

### BRO New Generation U series Agriculture Drone

New generation U series agriculture drone will bring you wonderful experience.

New designed truss- style structure with foldable arms to reduce the body size, compatible with spraying and spreading functions.

Equipped with Bro Mini Ultra-wide Angle FPV gimbal, which makes operator has a wide vision on the field and drone mapping more flexible and convenient.

U40, U60 can meet different scenarios operation needs.

Folded arms for convenient carry and transportation.

High strength structure greatly reduce the maintenance cost.

Highly integrated flight controller achieve perfectly software and hardware integration

Weight sensor real-time remaining pesticide monitoring

Highly integrated flight controller achieve perfectly software and hardware integration

Weight sensor real-time remaining pesticide monitoring

#### **LOCK SENSOR**

Dual protection, no locking, no flying

#### **1080P FULL HD STARLIGHT FPV**

Bro mini FPV gimbal's ultra-sensitive starlight CMOS

U40 and U60 can both spray pesticide and spread solid fertilizer or seeds.

The all-new integrated spraying system can quickly be swapped with spreading system. The spreading tank capacity of U40 and U60 are 50L and 80L.

The new version spreader adopts upper and lower segmented drive shaft design.

Screws are screwed externally, so won't stick fertilizers and can be easily disassembled and assembled from outside. The motor wiring is external to prevent fertilizers and liquids from entering the electric control hatch

#### **REMOTE CONTROL**

High Brightness Widescreen Remote Controller

BROUAV S2 RC has a 7-inch high brightness screen and an 8-core processor for smooth operations.

Intelligent route planning minimizes distances flown with a full tank, greatly increasing operation efficiency.

Manual mode allows you to control operations at will.

7 inch screen 1920\*1080,1500 nits LCD ✓ Highliy Integrated

OFDM multi-carrier modulation

Automatic frequency hopping

**✓** Long Endurance

#### **SMART LITHIUM BATTERY**

BRO smart lithium battery uses high energy cells and an advanced power management system to provide long-lasting power to BRO U series drone.

The optimized battery cells and heat dissipation design effectively keep the temperature of the battery in check.

BRO intelligent charger supports single phase and three phase AC power input.

Three phase AC input is the fast charging model, which can charge the relative battery fully in 10~15 minutes. Additionally, the charger includes overcurrent protection, overcharging protection, under-voltage protection, overheating protection, and status display.
